for the 8th consecutive year

The Elite Pro Phishing Competition

- Launched in October 2021
- 6 Phishing Competitions since 2021
- Users sign up for competition
- Competition is between 10-11 rounds
 - Advanced exercises include Spear Phishing and Email Account Compromise
 - First & Last Rounds are repeated to highlight improvement

Value Added Proposition

- Phishing is the leading attack vector
- Phishing emails evade Secure Email Gateway
- Encourage User Reporting
- Crowdsource Cybersecurity
- Create a Competition
- Achieve Results
- Immersive Learning Experience
- Use Enterprise Social Media for Crowdsourcing

Why should users sign up?

- No prizes, just **bragging** rights
- All participants and winners receive a **Certificate**
- Participate in the **largest Teams channel**
- **Elite Pro Phishing Competition** – The “Best of the Best”
- The Leader receives an email when the user:
 - **Reports a suspicious email** to the SOC
 - **Participates** in the **Elite Pro Phishing Competition**
 - **Is a winner** in the **Elite Pro Phishing Competition**
 - **Participates** in the **Enterprise Defender’s Program**

Competition Results

October 2022
1,734 participants

Simulations = 11

Click Rate
13.9% to 2.1%

Report Rate
64.8% to 68.5%

Resiliency
4.66 to 32.62

Improvement
600%

March 2023
3,755 participants

Simulations = 10

Click Rate
11.9% to 2.3%

Report Rate
62.9% to 69.2%

Resiliency
5.29 to 30.09

Improvement
469%

July 2023
4,125 participants

Simulations = 11

Click Rate
12.1% to 2.0%

Report Rate
71.4% to 75%

Resiliency
5.9 to 37.5

Improvement
536%

Takeaways

- Embrace the concept of “**Crowdsourcing**”
Cybersecurity
 - Train users to confidently report incidents to the SOC
- Whether phishing simulations or phishing emails, focus on **reporting** over clicks
- **Phishing competitions** when done correctly offer a fun, accelerated, and immersive learning experience
- Use enterprise tools to get enable “Crowdsourcing”.

Thank You - Teams Involved
